FairWind AS -Health and Safety Policy Statement

Introduction and aim

FairWind AS is a state-of-the-art quality concept within the wind turbine installation industry. There has been a steep rise in international demand for wind turbines in recent years - and thus their installation. And industry growth is increasing continually. FairWind offers an experienced approach to the challenges and organizational logistics of the professional installation of wind turbines. Our extensive full-service installation concept includes local recruitment and site-by-site logistics management, supported by quality service and high precision. We recognize that a safe work environment can be established and sustained only through a united effort by all employees and that the assistance of each person is required.

Responsibility

The Management of FairWind AS is committed to the health and safety of its employees and for all who are involved in projects. Protection of employees from injury or occupational disease is a major continuing objective. We are committed to continuing improvement toward an accident-free workplace through effective administration, education and training. All supervisors and workers must be dedicated to the continuing objectives of eliminating the "near misses" which will greatly reduce the risk of injuries.

Targets

The Health and Safety Policy of the company is to:

- Provide and maintain a healthy working environment at all times
- Ensure adequate control of health and safety risks arising from work activities, this includes communication with clients and any use of subcontractors
- Provide all required instruction, training, supervision and other relevant health and safety information to employees
- Ensure that all employees are competent in the work activities they are engaged in
- Continue to consult with and update employees on all health and safety issues
- Provide, as a minimum, general risk assessments for all common tasks engaged in by employees where risk is involved and potential danger has been identified
- Regularly review this policy and making changes if necessary
